**Notice regarding the impacts to the overseas plants caused
by the infection spread of Covid-19 (2nd report)**

We update the announcement dated August 5, 2021 regarding the instructions received from the authorities in China and Vietnam in connection with the infection spread of Covid-19 and the current conditions of the respective plant.

1. Guangzhou Plant

Normal operation

2. Wuhan Plant

The restriction from the authority of Wuhan Economic and Technological Development Zone which prohibited the employees' entry/exit of the plant has been officially removed. The operation and logistics have been nearly normalized.

3. Vietnam Plant

The restriction from the authority of Thach That People's Committee which limits the employee's entry/exit of the plant has been retained, however, the operation and logistics had been nearly normalized as an application for increasing the number of employees in the plant had been approved as no infected case had been found.

4. Thang Long Plant

The restriction from the authority of Dong Anh People's Committee which limits the employee's entry/exit of the plant had been adopted since August 8, 2021, however, the impact to the operation and logistics is quite limited.

5. Prospects

There will no change in our FY2021 forecast reflecting current conditions.
